## ABOUT US!!!

Established in 1995, the kindergarten is a community interest company that offers quality childcare services. We are a not-for-profit organisation that invests the profits back into providing good quality resources and a team of highly skilled Level 3+ educators for your children. We are dedicated to helping nurture each child's potential and confidence.

We have been awarded the Day Nursery Top 20 Award. Ofsted inspections over the last 22 years have the quality of care at our nursery as good on all occasions. Feel free to visit us or take a look at our childcare service call us for more information.

We offer fantastic early years education for children aged 2-4 years and have two purpose built class rooms to support the age and stage of development your child is at.

“

**Amazing nursery! Fabulous staff who do there up most for all the children in the nursery. I never thought I'd feel comfortable leaving my child in nursery but I couldn't feel happier and I know he has a fab time on the days he goes. I couldn't recommend Riverview enough!**

## OUR TEAM!!!

Our team is led by an Early Years teacher, who aims to provide an experienced well-qualified team to meet all children's needs. Promote a continual programme of development for key adults where personal expertise allows individuals to specialise in certain key areas such as emotional well-being, communication and mathematical development.

Our early years practitioners hold at least a level 3 qualification and others a degree's in childcare, education and training, all staff undergo regular DBS screening and training courses such as first aid and safeguarding.

We pride ourselves on using the key worker system throughout the nursery, your child will have an identified key worker, who you will meet on your child's first day. Your child's key worker is responsible for their learning, development and meeting their individual needs while they are at nursery. Your child will thrive within their small key group and will quickly make friends.

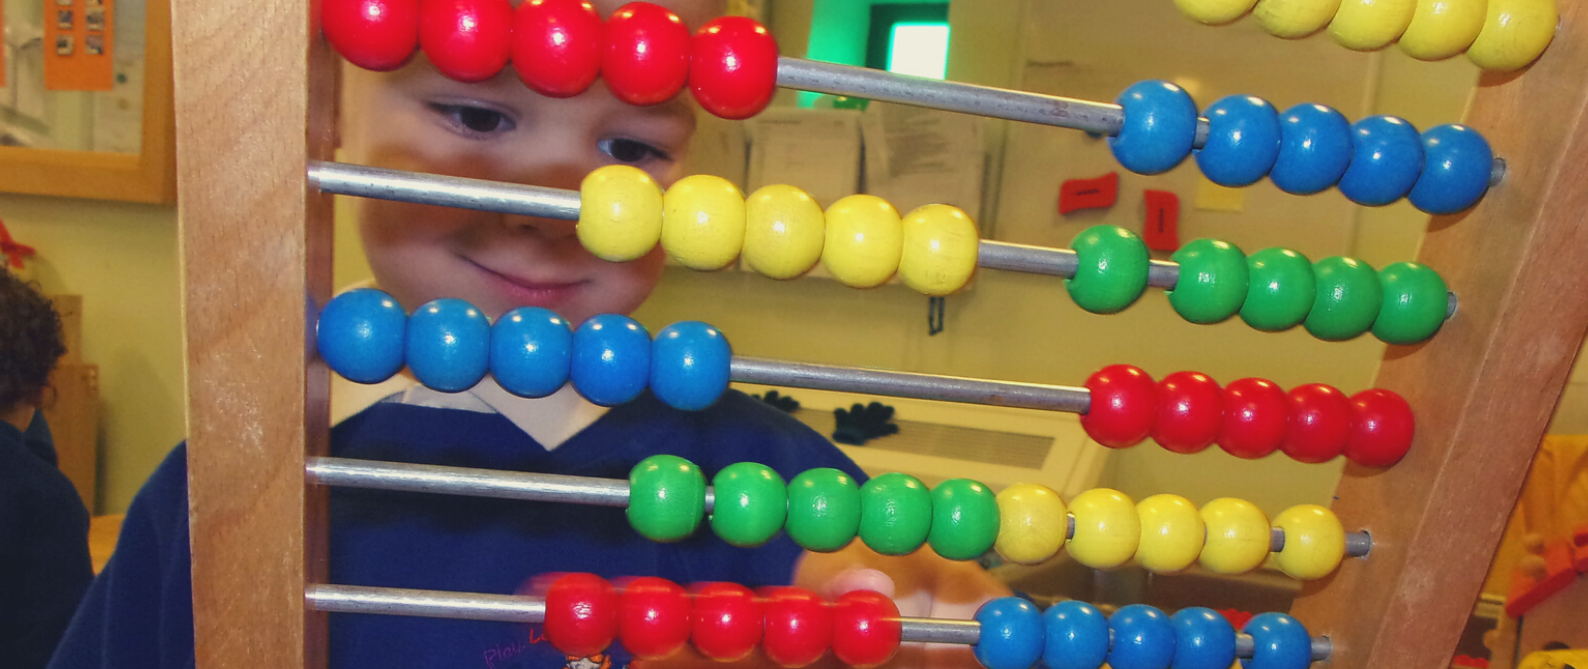

We also have a Special Educational Needs and Disability Coordinator who works with children and parents, to identify strategies for working together on issues affecting a child's development. Alongside our SENDCO we have a designated Safeguarding Officer whose role is to support the welfare of our children and families.

“

**Staff demonstrate a superb understanding of child development and use this to good effect. Children absolutely love their time they spend in the setting and are excited and motivated to learn.**

## OUR PURPOSE BUILT CLASSROOMS

### *Pre-School Room*

Our Pre-school room is designed for children aged between 36 months and 60 months, the playroom offers a colourful and stimulating environment in which children have the freedom to learn and explore based on their own individual interests. We have small key group teaching sessions, which take place daily to focus on the child's next steps of development. The pre-school room helps children develop their imagination, concentration and social skills which prepares them for school. Our skilled early years educators including an early year's teacher, encourage children to explore and discover during their daily activities. Our Pre-school room take part in activities such as phonics, Music program's and talk boost.

We have our own outdoor play area, which gives our children the opportunity to express themselves through physical development and regularly go out and explore our local area to learn more about the world we live in. Our children leave our pre-school room ready for school and as independent learners ready to take on the world.

“

All children are making outstanding progress from their starting point and are well prepared for school when the time comes

## OUR PURPOSE BUILT CLASSROOMS

*2 year old room*

Our 2-year-old room provides a caring, nurturing environment, where your toddler is free to explore, discover and learn based on their developing interests. Our attentive staff will support your child's individual needs, promoting their journey of exploration and learning.

Our room is full of fun and wonder, where your child will thrive as they discover more about themselves and the world around them. Our smallest children benefit from a small adult to child ratio as they start out on their nursery learning journey.

The playroom has its own outdoor area which is the perfect place for your child to run, jump and move freely while developing their physical skills. All our equipment is age appropriate and are changed regularly based on children's interests.

“

The nursery itself is a fun and bright environment and I think it provides the backdrop for more effective learning. Since joining RIVERVIEW KINDERGARDEN Nursery my children developed in so many ways. They are more confident and balanced and looks forward to going into nursery everyday

“

What an amazing pre-school, I would highly recommend to anyone, all the staff are fantastic, my little boy loved it, went in a very shy, nervous little boy and has come out a very confident and clever little boy, the bond he had with his key workers and staff was amazing I couldn't thank them enough, they will be a great miss so
